

Town Talk

Red Cross Nurse at Club—Miss Josephine Miller, of Arkansas, a member of the National Red Cross society, will talk on the work of the Red Cross organization tomorrow morning at 10:30 o'clock at the Fairmont Country Club. Miss Miller was identified with the expedition headed by Mrs. Harry Payne Whitney and has had considerable experience in the Verdun district of the European war where she had spent 8 months. Anybody interested in the work of the organization is invited to hear this address tomorrow morning.

Rest Room for Visitors—Women visitors in Fairmont during Fair week have been provided a rest room at Osmonds store which is equipped with a writing desk, chairs, telephones and parcel checking service.

Interurban Car Collision—Mrs. D. C. Fitzhugh sustained a shock and twisted ankle yesterday in a collision which occurred on the Fairmont interurban trolley line when the 10 o'clock car to Fairmont ran into a lie car, just below Clarksburg. Mrs. Fitzhugh, who was on her way to Fairmont en route to her home at Stewart, O., was taken to the home of her sister in Clarksburg, Mrs. J. F. Hart. No other passengers were injured.

Fairmont's Brodie—G. W. Andrews, of this city, is in Charleston today where he has announced that he will dive from the Kanawha river bridge at Virginia street. The hour scheduled for the high dive is five o'clock. Elmer Tharp, the elevator boy in the Watson building, has also stated that he will dive from the Monongahela river bridge here probably tomorrow afternoon. Tharp is one of the best of the local swimmers and Sunday swam easily from the railroad bridge at Johnstown to the boat livery here.

Preparing for Institute—The committee on decoration, entertainment and refreshments of the Marion County Teachers' institute, to be held here the week beginning August 28, held their first session last night to discuss the details of the coming affair. The members of the committee which met in County Superintendent Toothman's office are as follows: Misses Beryl Morgan, Catherine Barry, Ivy Heston, Caroline Marne, Jessie Snider, Estelle Hamilton, Nell Manley and Blanche Henry.

Monument Works for Farmington—E. E. Burnett is planning to open a modern granite and tombstone shop in Farmington fully equipped with the best varieties of these stones.

Factory Painted—The plant of the Owens Bottle Machine company has recently been painted a dark green which is much easier to look at than the grey that is the usual factory color. This with the flower beds and neat lawns around this plant make it one of the attractive places of the city.

Fractured Hip—Mrs. James Boor, of Bell run, is suffering from a fractured hip which she received in an automobile accident which happened near Clarksburg Sunday. The car was that of E. J. Parker, of Hoodsville, and contained the Parker family and Mrs. Boor who is a sister of Mrs. Parker. The car was struck by a train while crossing the tracks near Clarksburg and all the occupants were more or less injured.

At Cook Hospital—Mrs. C. D. Ione, of Smithtown, W. Va., was taken to Cook hospital yesterday for surgical treatment. George Vank, a miner, was admitted this morning for medical treatment. He is an employee of the Jamison Coal company. Mrs. W. R. Constable, of Watson, has returned to her home, having been under treatment for some time.

B. L. Butcher Improving—Hon. B. L. Butcher who has been confined to his home on Gaston avenue for some time by illness, is considerably improved at this time.

Tooth Causes Critical Illness—Mrs. Charley Martin who had been critically ill at her home on Watson avenue for several days, her illness following the extraction of a tooth, is very much better today and it is now believed she will recover.

WORTHINGTON.

Clement Davis Ill
Clement Davis, an aged citizen of this town, has been a very sick man for sometime but seems to be slightly improved at this time. The indications are that he is suffering from Bright's disease.

Suspected Robber Arrested
A postoffice inspector was here on Friday evening looking for the parties who robbed the office at Baxter recently. He did not find his man but left an accurate description. Shortly after his departure a man appeared in town who exactly filled the description. As the officer authorized to make arrests, a man was sent to shadow the suspect who boarded an interurban car for Clarksburg. The man was arrested at Clarksburg.

Farewell Sermon
Rev. C. C. Lawson, pastor of the local Methodist Protestant church, preached his farewell sermon on Sunday evening. His theme was "The Signs of the Times," Matt. 16:3. Rev. Lawson has been pastor in charge of the Marion Circuit for the last three

Fight at Annabelle

Persons returning from Annabelle on Sunday evening report a bloody battle at that place but no further particulars have been received here. Point Marion booze seems to have been responsible for the affray.

Out of Town

Worthington was almost depopulated on Sunday afternoon. The funeral of Mr. Nay at Enterprise, the Tetrick-Sturm re-union at Viroopa and the baseball game at Traction park were the attractions that drew the people away.

Bidding Goodbye to Tire Trouble

If you are continually having tire trouble, and are paying big prices for little tire satisfaction, you want to get wise to the fact that there IS a tire that combines maximum service at minimum cost. That tire is the Falcon. The motorist who buys a Falcon isn't continually stopping at the roadside repairing blowouts, and blistering his hands getting his tires up to 80 pounds. He has said his fond farewell to these trials. There is more in motoring for the man who rides a Falcon.

Buy Falcons First For Falcons Last

Our service station is recognized as the best place in town to buy automobile supplies and accessories of all kinds. Standard gasoline, the lowest carbon test oil on the market, and that wonderful engine saver, the Moto-Meter, batteries, Klaxons, tools, everything that a car needs, you will find it here. Storage Batteries repaired and recharged.

The Sensation of the Season

Before You Buy: You Should See the Chevrolet.

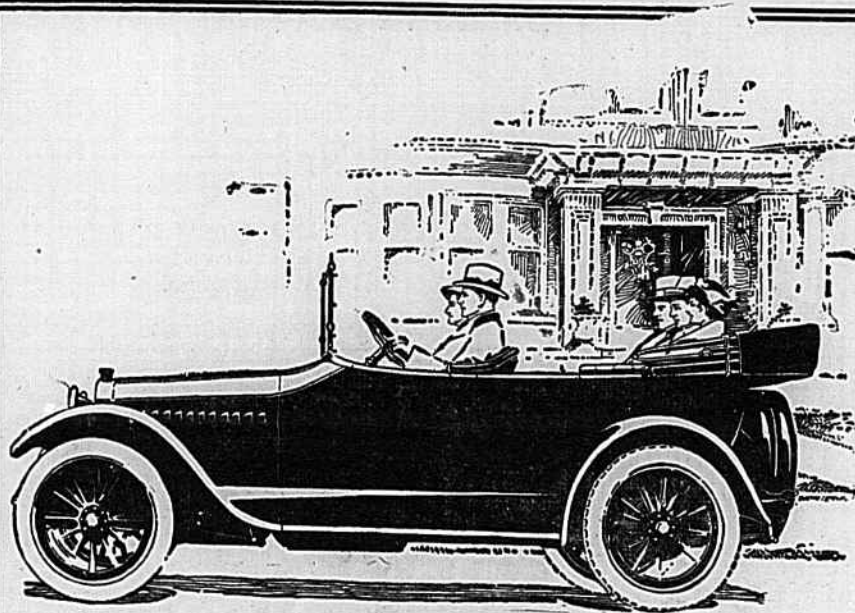

Four cylinder, valve-in-head motor. No waste of power, and better yet, no waste of fuel.
Electric starting and lighting. Reliable two-unit Auto-Lite system with Bendix drive.
Transmission: Sliding gear, selective type; three speed forward and reverse.
Axles: Rear, three-quarter floating; front, drop forged I beam.
Brakes: Emergency, internal expanding; service, external contracting; 10-inch brake drums.
Drive: Left side center control. FOOT ACCELERATOR.
Steering gear: Compound spur and sector. Absorbs all road shocks. Safe and sane for wife or daughter.
Springs: Cantilever type, oiling system force feed. Only six grease cups to be filled.
Body: Five (5) passenger touring type—streamline, wide doors. Wheelbase: One hundred and two (102") inches.
Result: The Chevrolet does not have to be turned over to a repair man every few days to be "tuned up." And it won't turn into a rattle box in a few short months. It is the "Product of Experience," backed by a big substantial factory where the motto is "Quality."

Chalmers Cars for 1917

For 1917, Chalmers announces an amplification of the famous 3400 r. p. m. Chalmers Six-30 line, an assured success of the 1916 season.

Realizing the demand for a car of larger carrying capacity, the seven passenger touring car on the longer wheelbase was produced.

The Chalmers Six-30 will be built in two lengths of wheelbase—a 115-inch five passenger car and a 122-inch seven-passenger model.

On these two wheelbases our designers have built seven body styles ranging from the two-passenger Roadster to the seven-passenger Limousine. In the 115-inch class

(the Touring, Roadster and Cabriolet models), only minor changes of refinement have been incorporated. The 122-inch class includes four models (a Touring, Sedan, Town Car and Limousine) now shown for the first time to the public. Both the 115-inch and 122-inch wheelbase cars are equipped with 3400 r. p. m. Chalmers motor.

We could claim 41 1-2 Horsepower and probably you wouldn't know the difference

"HORSEPOWER" is a misleading phrase. It is sometimes wrongly used to carry the idea of something unusual, exceptional—some startling innovation.

We don't claim anything we can't prove. We don't mislead by reference to a technical subject you don't understand.

We've got something real to talk about. Examine the Maxwell car—its complete equipment. Note the attractive appearance. Consider its reputation and its unequalled record for performance.

The price includes all the horsepower you need to take you anywhere and as fast as you want to go.
